COPYWRITING, SCRIPTS & STORYTELLING | PHOTOGRAPHY

Professional Summary

Specialist in combining strategic business vision, direct-response copywriting, and high-impact storytelling. With a solid analytical background in Product (PO/Tech BA) and agile methodologies, I operate at the intersection of Technology, Data, and Communication. I manage scalable production pipelines optimized with Artificial Intelligence, transforming complex niches into clear, high-retention narratives. I master persuasive scriptwriting, paid traffic management (Google Ads), and content funnel structuring. My expertise in writing and photography allows me to translate brand essence, orchestrating end-to-end digital ecosystems: from the tactical rigor of operational processes to conversion and emotional connection with the public.

Professional Experience

Content Strategist, Copywriter & Growth

Authorial Projects & Freelancer (Remote) | November 2023 – August 2026

- Work with professional scriptwriting and strategic content production for social media, focusing on narratives that retain attention and drive commercial results.
- Paid traffic management (Google Ads) and structuring conversion-oriented performance campaigns.
- Developed Python scripts integrated with AI to map trends, evaluate content niches, and support data-driven editorial decisions.
- Create authorial works with intellectual property protection registration and ICP-Brazil time stamping, ensuring professionalism in script delivery.

Tech Business Analyst & Product Owner

Thomson Reuters Brazil (Remote) | November 2021 - March 2026

- Mapped and translated complex client and market needs into technical specifications using BPMN, aligning business expectations with high-value deliveries — an essential skill for understanding and executing brand creative and strategic briefs.

- Boosted engagement and remote work culture through the Communication Committee, structuring corporate events and integration dynamics for global teams.

Digital Marketing, Content & Script Analyst

ACSPro (Remote) | July 2018 - November 2021

- Led the company's digital initiative front, restructuring communication on social media and consolidating the brand's definitive positioning in the digital space.
- Co-created and co-scripted "Podcafé Tech", being responsible for format creation, early episode scripting, and aligning the brand's tone of voice.
- Responsible for writing, technical review, and strategic content management for 5 simultaneous corporate blogs, in addition to maintaining WordPress portals and optimizing product texts.

Filming Support & Photography Speaker

Federal Institute of Goiás - Campus Morrinhos | February 2014 - March 2015

- Delivered the lecture "Introduction to Digital Photography" at the National Science and Technology Week, reinforcing technical authority in camera handling and visual composition.
- Worked on film sets providing technical support for image capture in public civil service exams.

Communications Advisory Intern

Federal Institute of Goiás - Campus Morrinhos | April 2013 - April 2015

- Developed tasks in IT and social communication, providing support in administrative and computer routines.
- Worked on photographic coverage and assistance in institutional events, as well as maintaining and updating web portals using Joomla!.
- Created banners, graphic materials, and institutional/informative texts for social media, the official website, courses, and institute events.
